

DAN DAVIS-BOXLEITNER

Wheeling, IL | (847) 220-1968 | dan@dan-db.com | LinkedIn.com/in/ddbdavis

Professional Summary: Full-stack developer with 10+ years of experience building scalable CMS solutions for enterprise clients using Drupal, PHP, and modern JavaScript frameworks. Proven track record of accelerating delivery timelines through CI/CD and automated testing. Experienced in AI-assisted prototyping and building collaborative real-time applications. Adept at cross-functional teamwork in Agile environments.

Senior Engineer

Palantir.net, Evanston, IL — April 2022 – Present

- Developing sophisticated web-based applications using HTML5, CSS3, JavaScript, TypeScript, and PHP. CI/CD pipelines with automated testing using PHPUnit and Behat.
- Building collaborative, real-time multi-user editing experiences with Yjs, ProseMirror, and WebRTC.
- Leverage AI tools for rapid prototyping, code generation, analysis to streamline development.

Director

Clicklong Media, Evanston, IL — February 2013 – Present

- Founded and currently leads a freelance development firm delivering custom CMS and marketing solutions.
- Architect end-to-end PHP/JavaScript websites for clients across tech and consumer verticals.

Senior Developer

Healthcare Information Management Systems Society (HIMSS), Chicago, IL — October 2018 – April 2022

- Built and maintained a Drupal website for a 40k attendee yearly conference, created integrations with event registration platform, salesforce and attendee support app.
- Built a network of Drupal-based microsites driving targeted marketing campaigns.
- Managed a team of offshore contractors.

Solutions Architect

Farm Journal Media, Chicago, IL — October 2016 – June 2018.

- Architected two successful directory websites using Drupal 8 CMS & PHP.
- Developed PHP integrations for third-party platforms (event management, lead capture) increasing marketing ROI.
- Optimized and upgraded a network of existing agriculture portals from Drupal 7 to Drupal 8.
